

# Grant Stevens, MD Wins RealSelf 100 Award

March 29, 2016,

## Orange County Plastic Surgeon Recognized as Top Social Influencer in Cosmetic Surgery

Newport Beach, CA – March 29, 2016 – Local physician Grant Stevens, MD is one of 100 doctors in the nation to receive the prestigious RealSelf 100 Award, out of nearly 13,000 board certified specialists with a presence on RealSelf—the leading online community helping people make confident choices in elective cosmetic procedures.

In a time when 1 in 4 U.S. adults share their health experiences on social media channels, the medical professionals that made the 2015 RealSelf 100 are recognized both for having an outstanding record of consumer feedback and for providing credible, valuable insights in response to consumer questions about elective cosmetic treatments, plastic surgery, dentistry and more.

Dr. Grant Stevens is the founder and Medical Director of Body by OrangeTwist in addition to his practices Marina Plastic Surgery and The Institute; A Medical Spa in Marina Del Rey, California, offering multi-location non-invasive and minimally invasive aesthetic treatments. He is also the Chairman of the USC-Marina Aesthetic Surgery Fellowship and the Director of the USC Division of Aesthetic Surgery. He has been elected by his peers into the “The Guide to Top Doctors” and Castle Connolly’s “Top Doctor Guide” recognizing him as one of the best plastic surgeons in America, and is one of the select few to be featured in “Plastic Surgery: The World’s Top Surgeons & Clinics.” Dr. Stevens is an active member at Marina Del Rey Hospital, where he is the past Chairman of the Department of Surgery, the Chairman of the Liposuction Committee, and the Medical Director of The Breast Center. He is also on staff at St. John’s Medical Center, the Marina Outpatient Surgery Center and USC.

“The doctors receiving this award were among the top 1% of our 13,000-member doctor community in 2015,” said Tom Seery, RealSelf founder and CEO. “When I started RealSelf, many doctors questioned why they should ‘give away’ their expertise ‘for free’ on the web. Now, eight years later — and with over one million doctor answers on our platform — we are proud of the standard this select group has set. They’re leading the way by empowering millions of consumers to gain access to the information they need to make smart and confident health and beauty decisions.”

Dr. Stevens is an expert contributor to RealSelf, and to date has posted over 1,500 answers to questions on RealSelf. Each month people from all over world ask important aesthetic-related questions, such as Abdominoplasty. Dr. Stevens also maintains a patient star rating of 4.5 out of five stars in RealSelf reviews.
